TERMINAL SUPPLY CO.

WE'VE GOT IT. WE'LL BUILD IT. WE'LL SOLVE IT.

SUPER PREMIUM MECHANICS LENGTH DRILL BIT KIT - 29 PCS.

KIT OF THE MONTH

KIT FEATURES:

- Magnum Super Premium HSS (High-Speed Steel)
- Made of Hi-Molybdenum tool steel which enables it to be made thinner & sharper to cut through stainless steel much better than a cobalt bit
- Bits are supplied in a heavy duty plastic case featuring 29 individually sized and marked slots for each bit.
- Split point design eliminates drill walking
- 135 degree point allows for accurate starting without center punch
- Recommended for use in work hardening grades of stainless steel & other hard metal drilling applications
- Flats on shank eliminates slippage in chuck (3/16" & larger)
