CAUTION: Any cutting tool may break or shatter under improper use. Government regulations require use of safety glasses and other appropriate safety equipment at all times in the vicinity of use.

SIZE	MAX. MATERIAL THICKNESS (INCHES)	PART NO.
6-32	1/4	73810
8-32	5/16	73830
10-24	3/8	73850
10-32	7/16	73860
12-24	7/16	73870
1/4-20	1/2	73890

Why Choose This Kit

- Made of HI-Molybdenum tool steel assures a longer life
- Allows for a smooth transition from drilling to tapping hole which saves you time
- 3-flats helps to prevent the drill bit from slipping during your drilling/tapping process
- This kit is supplied with more common coarse threads options used in many standard applications (We also offer a large supply of additional sizes and thread options. Please ask your local sales rep. for additional information on this product line)
